

# CREATE A MACHINE

## MATERIALS:

- 12" Piece of Tape
- Rubber Bands
- Popsicle Sticks
- 2 Pieces of Copy Paper
- Scissors
- Paper Clips

## DESCRIPTION:

Students create a machine that can do something...anything!

## DIRECTIONS:

- Give each group two pieces of copy paper, a 12" piece of tape, a handful of rubber bands, popsicle sticks, and paper clips
- Let students work together to create a machine that can do something.
